ecosur provides GHG audit services to the leading fruit grower in Africa-Caribbean and Pacific (ACP)
Paris, Friday 04th of December 2009

ecosur provides GHG audit services to the leading fruit grower in ACP

ecosur is pleased to announce the signature of a new greenhouse gas audit contract with La Compagnie Fruitière Group, the leading fruit grower in the Africa-Caribbean-Pacific region. The agreement appoints **ecosur** as the consultancy for extensive and exhaustive greenhouse gas emissions assessment of the global company +40 subsidiaries.

The scope of work covers emissions associated with the following items: energy use and cooling process, freight, passenger travels, inputs, waste, capital assets. The calculation is based on the last version of the Bilan Carbone® methodology developed by the French Environment and Energy Efficiency Agency (ADEME) and complies with the GHG Protocol, ISO 14064 and AFNOR BX 30 guidelines.

After APRIL Group and EADS, La Compagnie Fruitière is the third of top 120 French companies being signed by **ecosur** for GHG assessment services. This new contract demonstrates **ecosur's** expertise and methodology to perform cross sectoral and large scale international GHG assessments.

- The Compagnie Fruitière is the leading grower of fruit in the Africa-Caribbean-Pacific region. This family-owned company was created in Marseille in 1939 and remains deeply attached to its founding values. Its aim is "to offer the consumer the best of nature whilst building a better and brighter future for our colleagues and partners". The Compagnie Fruitière markets its fruits in Europe and North Africa. Within the EU, it holds a 10 percent market share for pineapples and 7% for bananas. The Group's 2007 turnover totaled 304 million EUR in 2007. Its workforce exceeds 17,000 employees in Europe, North Africa and sub-Saharan Africa.
- **ecosur group** operates in carbon markets worldwide. The company provides advisory and brokerage services for all market segments (CDM, JI, voluntary) and all carbon related products (CERs / ERUs / VERs / EUAs).
