Record transaction in the voluntary market

- **ecosur** is pleased to announce the settlement of an hybrid spot and forward transaction of 800.000 VCUs on behalf of GERES – a French NGO.
- The transaction brokered by **ecosur** is a record in the voluntary market. Revenues will be used by GERES Cambodia to develop further a fuel wood savings program with improved household cook stoves in Cambodia. To date, 90 % of the Cambodian population depends on fuel-wood for cooking purposes.
- The project was granted several awards including the Ashden Award 2006.
- GERES is an independent non-for-profit organization that has been promoting sustainable development for over thirty years both in the North and in the South, in the fields of energy & environment.

ecosur operates in carbon markets worldwide. The company provides advisory and brokerage services for all market segments (CDM, JI, voluntary) and all carbon related products (CERs / ERUs / VERs / EUAs). To date, **ecosur** settled 214 M. EUR of carbon related transactions and contracted 31 CDM and VER projects. All services provided are based on in-house expertise.
